Keystone's e-learning platform and modules

Keystone has its own suite of bespoke and SCORM-compliant e-learning modules. These are high quality digital learning experiences which incorporate acted scenes that were scripted, filmed and produced by our specialist Drama & DVD team. This, along with the interactive questions and professional voiceovers, creates an experience that is quite different to traditional e-learning. We wanted to put our name to something that delegates would find interesting and engaging, and not at all like old-fashioned e-learning where the temptation is to click through to the end quiz as quickly as possible! The modules can be hosted on your own LMS or on Keystone's LearnExpress platform.

The learnexpress.com portal

Keystone's learnexpress.com is a user-friendly platform which can be accessed directly by delegates or linked to from your own LMS.

When you select one or more e-learning modules for one or more delegates, we create an account for each delegate and transfer the courses you have chosen from the "Catalogue" to the "My Learning" area. Each delegate has a unique log-in and can visit the platform as often as they like. They can complete their e-learning module in one go, or over multiple visits.

Learnexpress.com saves their progress from one visit to the next.

On completion of an e-learning module, the delegate is issued with an Achievement Certificate by the platform.

Using e-learning in a blended approach

Our e-learning modules can be standalone development solutions, but many clients like to use them in a blended approach to ensure deep learning and powerful application of each delegate's new knowledge and skills in the workplace. We consult with you to find blended solutions that will suit your culture and your people's availability. One popular example is:

Pricing structure

Prices are ex VAT and are based on e-learning modules being accessed on Keystone's learnexpress.com platform, with delegates visiting directly or via a link on your own platform. If you would like to explore the possibility of hosting our e-learning modules directly on your own platform, please get in touch with us for a chat.

Delegate numbers	Price
1-25	£30 per person per module, or £190 per person for all modules
26-99	£4,900 single fee
100-199	£7,000 single fee
200-299	£8,500 single fee
300+	Please contact us for more details

£4000 for unlimited people in your business for one year

Keystone can also produce bespoke e-learning modules to meet your internal company requirements as well as MP4-led products. We would be happy to discuss your thoughts and needs in this area should this be of interest.
