One module

Delivered over 2.5 online days

Assessing Your Own Leadership Capability and Performance

- Understanding Organisational Leadership: We'll analyse existing leadership styles within your organisation and assess their impact on achieving your company's values and performance.

- Effective Communication for Leaders: Explore strategies to communicate the organisation's goals and values in a clear and inspiring way that resonates with your team.
- Motivational Leadership Practices: Develop your ability to motivate and engage your team, building a strong commitment to the organisation's objectives.
- Self-Assessment for Effective Leadership: Through self-assessment tools, you'll identify your leadership strengths and discover the style most suited to your team's needs.
- Implementation Strategies: Translate theory into practice. Learn practical strategies to implement your chosen leadership style and optimise team performance.
